The Italian Chamber of Commerce and Industry in Australia

CHAMBER MEMBER

January 2010 - Present (11 years 2 months)

Sydney, Australia

<http://icciaus.com.au/directory-of-chamber-members/>

The Italian Chamber of Commerce and Industry in Australia was established in 1922 with the objective to promote trade and commerce between Italy and New South Wales and, more widely within Australia.

The Italian Chamber of Commerce has helped a countless amount of companies in both Italy and Australia become successful in their business ventures, as well as fostering a range of trade developments, whilst also helping relations between our two great countries grow.

The Chamber in Sydney is the oldest and largest Italian Chamber of Commerce in Australia. There are 79 Italian Chambers around the world, operating in 54 countries which creates a network of over 25,000 members, a global turnover of 75 million dollars and over 2,500 employees.

Located in the heart of Sydney, the Italian Chamber is at the forefront of business both in Australia and in Italy. We offer a wide range of services to members and non-members and assist in trade and investments in both directions, which can be personalised to suit your needs.

So whether you are an executive or an employee, a professional or an entrepreneur, if your business involves Italy or Australia in some way, the Italian Chamber of Commerce can help you.

Lorgan Pty Ltd

2 years 11 months

Director Of Business Development

October 2019 - Present (1 year 5 months)

Sydney, Australia

Lorgan helps its clients harness the power of innovation to thrive on change.

We take pride in our high standard advisory services to our clients and excellence in technology. Our deep experience in cutting edge technologies, latest trends & innovative concepts give us a clear and unique position in creating greater value for clients and our own employees.

We love tapping into global talent and trust extensive partner relationships, which in turn help us, drive collaboration and leverage technology independence.

We have a clear vision for navigating the future, and our consultants have successfully delivered challenging assignments many times.

We support performance-based culture combined with transparency, honesty, and integrity.

Our management team is a vibrant mix of strategy and execution specialists with extensive experience in offering innovative product(s) development, consulting and managed services to their clients.

**National Academy of Security and Defense Planning
SPECIAL ADVISORS - European Commission - Migration and Home
Affairs**

January 2019 - Present (2 years 2 months)

Worldwide

The National Academy of Security and Defense Planning (NASDP) aims to promote, develop, and implement projects and models for common and individual security issues, by building up of a security awareness culture, by research, studies, information and education in partnership with both state-owned and private educational institutions, the United Nations, NGOs, as well as with medical institutions, the military, the police, justice, structures fighting corruption, religious and diplomatic missions and institutions. By enhancing international cooperation, its final target is the development of a community that really cares about the safety of its fellow citizens, as well as the promotion of knowledge, respect, and mutual trust between community members and institutions.

Good On You

Social Media and Marketing Intern

January 2016 - December 2016 (1 year)

Sydney, New South Wales, Australia

<http://cfsites1.uts.edu.au/find/shopfront/projects/completed/detail.cfm?id=622>

Social Media and Marketing Intern

Good on You needs your help in the important role of promotion and brand awareness. As a new start-up it is growing each week, and requires an intern to manage its social media - Facebook, Instagram, Twitter and Pinterest - and help with marketing tasks. Working alongside the marketing and communications manager, the intern will identify content and create original

material for a number of social media channels and assist in the ongoing marketing and PR activities.

Project JP 2072 Currawong - Wagtail (VHF), Raven (VHF/HF) and Pintail (V/UHF)

2006 - 2007 (1 year)

Phase 2A of Project JP 2072 is replacing the ageing fleet of Wagtail (VHF), Raven (VHF/HF) and Pintail (V/UHF) hand-held / man portable tactical radios and the AN/PSC-5 / 5D SATCOM.

Currawong, JP2072 PH2A Battlespace Communications Systems (Land)

The project has delivered approximately 11,000 Combat Radios and ancillary equipment to replace the Wagtail, Pintail and Raven fleets for the majority of the Land Force. Phase 2A has also established the mature support system for the new generation Combat and Tactical Data Radios.
